# Report of Superintendent of Schools

---

Milan, N. H.,  
February 1, 1938

To the Milan School Board:

I submit, herewith, the annual report of the Superintendent of Schools, this being the eighteenth in the series of Superintendent's reports.

During the last complete school year ending June, 1937 seven different schools were maintained for the required 36 weeks with a total enrollment of 131 pupils.

The present school year opened and is now being carried on with no change from last year's teaching corps.

Twelve pupils were graduated from the eighth grade in June and eight of them are now furthering their education in high school.

The average attendance for the last school year was 94.3. The highest record was at West Milan with a percentage of 96.6.

The Health Supervision has been carried on as usual by the School Nurse and notices of physical defects sent to parents.

All the schools have been regularly visited and inspected about on an average of once in two weeks by your Superintendent.

Twenty-eight pupils are now in attendance at Berlin High School.
